

## Travel and baggage arrangement

- Check your documents again (Passport, UDI visa letter, itinerary, university admission letter, housing agreement, insurance docs and etc). Better to have a small plastic bag to put your all important documents in (eg. a file bag)
- Arrive airport at least 3hrs before the flight.
- Please be careful about the weight of each luggage. Pack your luggage at least 500g-1000g less than the allowance. Carefully read the restrictions on hand luggage (eg: liquids are not permitted in hand luggage.)
- Attach a label to your luggage mentioning your name, address in Norway, email and mobile number.
- When you are checking in, ask about the airport where you have to collect your baggage. There will be a small sticker with those details backside of your boarding pass. Keep it safe.
- Be aware of the transit time at each airport. Sometimes you may need to collect your baggage and need to check in again as you are changing to a domestic flight.
- You will be able to connect to the wifi connection at each of your transit airports. If you want, you can activate a roaming package for your local number. It would be safe to have a such package at least with one of you.
- Keep some snacks (some biscuits) in your hand luggage. It may be expensive to buy snacks from the airports.
- Keep an extra cloth set and essentials in your hand luggage to survive at least for a single day.
- No need to carry load of extra clothes.
- Bring at least one from each mentioning items – Woollen jersey, Jacket, gloves, thermal legging, ice cap, water proof shoes/boots, light clothes inside the hostel, cloths for special function. NOTE: bedsheets, blankets, pillow cases, towels will be provided
- Food items – Tea bags, noodles, Samaposha, spices, and precooked items like pickle, dry fish as you wish with good packing and labelling
- If you can, bring an one European power adaptor.

## Immediate things to do after the first step to Norway

- Collect your cash card and room key
- Purchase bus card and popup it for 30days (must popup every 30days)
- Purchase mobile phone sim card (For free WIFI system sometimes it asked about Norwegian Mobile number)
- Police appointment for the residencies card
